4. New Travelift Service at Aghios Nikolaos Marina.
5. Croquet Field in Gouvia Marina.
6. "Clean Sea Program" : Training in Lefkas and Gouvia marinas.

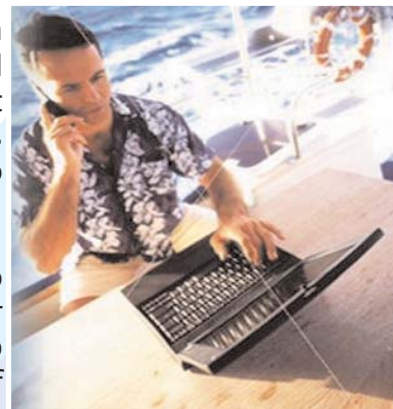

## 1. K&G and Neuron S.A. cooperation for Quality Broadband Internet Access Services in all our marinas.

Gouvia , Lefkas , Zea, Aghios Nikolaos and Kalamata marinas now offer optimum quality broadband internet access service at very high data rates.

A satellite station has been installed at each marina via which, two-way broadband satellite internet is provided at 512/256Kbps data rate. In case it is required, the data rate may be upgraded to 1024/256Kbps or 2048/512 Kbps.

Customers can have broadband access to the Internet via prepaid cards using their Laptop, PDA or tablet PC, or the Desktop PCs in the computer room of each marina if they do not have their own means.

The application is designed and developed by Neuron S.A. which specializes in satellite, wireless and wired networks, providing integrated Hotspot solutions in marinas, hotels, cafes, restaurants, conventional centers etc.

Soon, VoIP telephony services will be provided as well, for local, long distance, International and mobile calls with significantly reduced costs.

## 2. International Boat Shows

After the Genova, Barcelona, Athens and Paris, K&G will be participating in the London and Dusseldorf International Boat Shows. Visit us in London International Boat Show (6-15 of January at Excel, stand N1632) and in Dusseldorf (21-29 of January stand 13A12)

### 3. 2006 IMS-600 WORLD SAILING CHAMPIONSHIP IN AGHIOS NIKOLAOS - CRETE

Aghios Nikolaos will be hosting the biggest Offshore Sailing event in Greece next Summer, the 2006 IMS-600 World Sailing Championship during 9-17 September 2006.

The 2006 IMS-600 World Sailing Championship is a very prestigious race in the calendar of the Offshore Racing Congress. The IMS-600 class includes sailing boats of about 40 feet. They are built to the highest standard of quality and design and their crews are amongst the most experienced sailors in the world.

This event will be under the patronage of the Ministry of Tourist Development and the Secretariat General of Sports.

The races will take place around the Bay of Mirabello. The venue for the race will be the Marina of Aghios Nikolaos which offers up to date facilities to host such a prestigious event. There will also be a full program of social events for the entertainment of the participants as well as an exhibition area in the Marina.

If you are interested in getting the "Notice of Race" or in receiving any further information please visit the website ([www.nearchosweek.com](http://www.nearchosweek.com)) or call direct tel:+30 28410 82087 / 82237 fax: +30 28410 23211 email: [isailing@otenet.gr](mailto:isailing@otenet.gr)

### 4. New Travelift Service at Aghios Nikolaos marina in Crete

Aghios Nikolaos marina in Crete is improving its service list. A new 65t travelift is being purchased by the marina covering the increasing needs for boat's dry docking. Moreover, a new shopping centre is to be build including, shops, cafes, a gym and a sauna.

### 5. Croquet field in Gouvia marina

Next to the Cricket field a new Croquet field was constructed. Visitors and guests of Gouvia marina now have the opportunity to enjoy themselves in a croquet game. Both sports have great tradition in Corfu.

## 6. "Clean Sea Program": Training in Lefkas and Gouvia Marinas

Fuel leak scenario from the discharge pipe of the marina's gas station was the antipollution training in Gouvia and Lefkas marinas. The personnel of the marinas had to immediately secure the polluted area with a special temporary oil boom to prevent the expansion of the fuel leak. The antipollution training was supervised by Mr. Aggelopoulos, specialist in antipollution technics and operations. ([www.metopi.gr](http://www.metopi.gr))
